

REACH (EC directive)

We, the company Oskar Lehmann GmbH & Co. KG (OL), are in our capacity as a manufacturer of plastic products and tools, a “downstream user“ in the meaning of the REACH directive.

We exclusively supply you with non-chemical products (commodities). Therefore, no substances should be released under normal and reasonably foreseeable conditions of use. Therefore, neither are we subject to a registration obligation, nor do we have a duty to draw up safety data sheets.

We intensively monitor the implementation of REACH by our suppliers in our own interest and in order to ensure a high level of product safety for our customers. We are in close contact with our suppliers in this regard.

In accordance with Art. 33 of REACH, we shall inform you without delay and automatically, should substances in our products (from a content of >0.1%) be classified by the European Chemicals Agency (ECHA) as being especially of concern (please refer to the SVHC-list of candidates). This includes also all further actualisations of the list of candidates.
